

Mr Robert Leopold
Contract Supervisor
Promostal

Dear Robert,

NCC Construction Company and Promostal have worked together in the project Tvärbanan E2 in Sundbyberg/Solna. Project owner is AB Stockholm Lokaltrafik. The Ekenbergs railways bridge is a part of an extension, app 7km, of the cross road between Alvik and Solna /Sundbyberg, Stockholm. Promostal has worked as a sub-contractor regarding works of prefabrication, delivery and assembly of steel bridge Ekenbergsbron. The steel bridge has been assembled on site and lifted to the final place with a crane. The weight of the bridge was 320ton.

Promostal has fulfilled the obligations and performed its work in good quality and done their quality control and environmental work accordance with NCCs request.

The cooperation during the contract period has been good and we are looking forward to do business with Promostal in the future.

Thank you very much.

Respectfully,
Mr. Björn Lindqvist, Project Manager
NCC Construction Sverige AB
